

PHIGOLF 2 Smart Home Golf Simulator – Swing Stick Trainer & Analyser

Enjoy a round of golf from your own home using your real swing with the brand-new Phigolf 2! Phigolf 2's swing stick and improved sensor work on the popular World Golf Tour (WGT) app by Topgolf, E6 Connect app by TruGolf, as well as Phigolf's own golf app! Play on world-famous Championship golf courses and be amazed as the on-screen avatar mirrors your swing motion in real-time!

- Compatible with WGT, Phigolf and E6 Connect Apps
- Weighted training stick
- 3D swing graph and live feedback
- Speed golf and Rush game mode
- High-quality courses
- Monthly tournaments
- Online and local multiplayer
- Use sensor in your clubs for data feedback
- iOS and Android compatible
- Full access to WGT and E6 Connect courses require subscription

From beginners to golf pros alike, Phigolf 2 is perfect for get-togethers, whether you're planning your next BBQ, birthday party, pizza night or looking for something to keep you entertained on your next trip! It's a great, interactive way to introduce children, friends, and family to golf (without having to drag them out to a course)!

3D Data Analysis System

The analysis system helps you understand how you play, find your own tempo with effective feedback, and improve your swing. Phigolf also provides various training programs, such as swing analysis and putting-posture analysis. You can visually check head speed, swing frequency, club path, face angle, and shot distance data. You will have a better range of motion and more accurate consistency.
